Men and Religion Bulletin No. 101

Cause for Gladness

"And there was great joy in that city"

Acts 8:8

Cause for gladness-

When a press agent in Atlanta, under date of February 2nd, sends broadcast over Georgia and sister states an article in which he says:

"Atlanta has been hurt—the movement leaders have—in the public prints impugned the honesty, the decency, the morality of every Atlantian who has not seen fit to agree with them. And these men, prominent in the church, prominent in the Church, prominent in the Church, prominent in the Upbuilding of Atlanta, are the men whom the Men and Religion Bulletins have denounced in filthy language as fit to associate only with panderers and those who gain their living from woman's shame.

When such a statement appears, we can point to the bulletins them-selves, and ask, "Where does the denunciation 'in filthy language' of men prominent in the church and elsewhere appear?"

Moreover, when such screeds are being sent broadcast over the state, we can publish such editorials as the one which follows, clipped from The Elberton Star:

A PROSTITUTION OF PUBLICITY

MORE CAUSE FOR GLADNESS-

The work of the Grand Jury in bringing to light the unspeakable conditions in our convict camps.

Cruelty can exist only when people are ignorant.

When you know that, in your name as a citizen, and compensated by the taxes which you pay, men are torturing your fellowmen, you are going to put a stop to it.

You are not willingly cruel.

Hundreds of prisoners in Fulton County, and more than five thousand of them throughout the state, are beginning to hope today. The chains and the torturing strap will soon be things of the past, because you know.

CAUSE FOR SADNESS-

The action of Council and Mayor in refusing to grant the petition of eministers of Atlanta that they not hamper the work of the Police Force licensing violators of the law as "locker clubs."

The majority of the members of Council are members of the Church of God—

Many of them are also members of "locker clubs" and they know that in these clubs the law of Georgia has been and is being violated.

Therefore, all who think see the farce of such men—members of clubs—saying that it is not their duty, but the duty of the Police Force to prevent the violation of law.

IS IT THE DUTY OF THE MAYOR AND GENERAL COUNCIL TO PLACE OBSTACLES IN THE WAY OF THE POLICE FORCE?
But even in these things is cause for gladness— Atlantians love Atlanta. The majority of her citizens are law abiding.

Satan cannot divide them. Make no mistake-

The members of such clubs as the Capital City, the Piedmont Driving Club, the University, and the Athletic Club are not responsible for the attacks made upon Chief Beavers in the articles sent by a press bureau from Atlanta over the country. The majority of the members of those clubs would fight to maintain the principles upon which the Chief stands, namely, fieldity to a trust, unwillingness to lie, and the fear of harming a woman and enabling a man to live by her shame.

a woman and enabling a man to live by her shame.

There are those who believe that those clubs whose rolls contain the names of the GOVERNOR OF THE STATE OF GEORGIA, JUDGES OF THE SUPERIOR AND OTHER GOURT AND JUDGES OF THE SUPERIOR AND OTHER GOURTS, will refuse to continue violating the law which those public officials are sworn to uphold, when they realize the truth—criminals, for gain, are using them as an excuse for the continued and repeated violation of the law of Georgia.

The City and the State understand the sinister design which under-lies the effort to make it appear not only in Atlanta and in Georgia, but in distant states, that Chief Beavers has failed.

If a Chief of Police can be fearless and honest and yet retain his office, the day of the end of protected vice and the liquor traffic has come:

That day is here-It is only a question of time when the barrooms which open upon our streets and those which have moved upstairs will go in the same way that the public brothels went from our midst.

And Atlanta is glad.

Go to church tomorrow and think of these things.

THE PERFIDY OF PANAMA.

President Wilson's flat-footed stand against the shame of our Panama canal tolls enactment is one of characteristic courage.

He says, in an authorized announcement, that our exemption of American coastwise vessels from tolls is a rank violation of the Hay-Pauncefote treaty.

It is that, and more. It is plain, unadulerated dishonesty, pretty cheap at that, and when a nation is committed to a policy of dishonesty the disaster is appairing.

As president of one of the biggest small-town banks in Georgia, he has had every opportunity to study the connection between the banker and the farmer at close range. Mr. Peyton informs us that he was misunderstood by the reporter, but not being convinced that Atlanta was imminently interested in the smoke problem did not deem a, correction imperative.

The smoke nuisance is a very real and not an academic issue in Atlanta. We regret that Prasident-letel Peyton does not as yet stand committed to electrification of terminals as holding out very real hope in the right direction. But as electrification has been tried elsewhere and found satisfactory it is coming sooner or later in Atlanta.
